nigel.daniels@me.com

Summary

I am leader with multinational and remote management experience. Able to communicate to all levels of an organization and engender trust in all. Adept at handling complex unstructured situations and providing the necessary leadership. A strong focus on linking new technical innovations to markets and new products. I have recently become a permanent US resident.

Experience

Axiomode Ltd., CTO, Co-founder

Apr 2012 – Present

Axiomode helps organizations visualise and manage value and, supports strategic decision making.
